# CHANDIGARH LAW COLLEGE\*

A degree in law is one of the most sought after courses in India. A law graduate has a large variety of options available as career. The most important among them being Advocates and Judicial Officers. Others include Law Researchers, Consultants in fields like taxation, cyber laws, Human Rights, Child Protection etc. and working as Law Officers in Govt./ Defense Services/ NGOs/ Private Bodies/ Corporate Offices. Today lakhs of cases are pending since years in almost all courts. The main reason for this is the shortage of judges and advocates. It is because of this that there is a huge demand for law courses in India.

In view of the interdisciplinary nature of legal studies, Chandigarh Law College, Jhanjeri duly approved by Bar Council of India and affiliated to Punjabi University, Patiala, offers following courses:

- 1. B.A. LLB and B.Com. LLB, Each a 5 year degree course  
Eligibility: 10+2 (in any stream)
- 2. LLB, a 3 year degree course  
Eligibility: Graduation (in any stream)

# B.Sc. (HONS.) NUTRITION & DIETETICS\*

It is rightly said that "Prevention is better than cure". A proper balanced & nutritious diet can prevent many diseases. Dietetics is the science and art of taking food based on the principles of nutrition. Diet plays a major role in promotion of health and well being of individuals. Nutritionists and dieticians are concerned with this aspect. While dietetics is related to food management, nutrition is related to promotion of health. Due to changes in food habits of most of the urban population, role of nutritionists and dieticians is becoming more important. They suggest correct food quality & quantity taking into account various aspects of an individual such as age, work routine, eating habits thereby improving their quality of life. They also educate their clients about preparation of food according to the principles of nutrition. They impart knowledge about food production and processing, psychological factors influencing food choice, digestion and its effects on nutrition.

All these aspects form the basics of this course. As such this course is becoming more and more a necessity and hence popular day by day.

B.Sc. (Hons.) Nutrition & Dietetics (4 year Degree Course)  
Eligibility: 10+2 with science (Medical/ Non Medical)

\*Proposed 2019-20

## STUDENT CARE CENTRE

One of the most distinguishing features of CGC Jhanjeri is "Student Care Centre" (SCC). This Centre works under Dean Students Welfare (DSW). Its purpose is to provide single spot solution for all problems of the students & ensure their solution within 24 hours.
